Mehdi Rezakhani Front-End developer

SUMMARY

Front-End Developer with 3+ years of experience, specializing in building and maintaining high-traffic web applications. Proven ability to lead and mentor teams, and work independently to deliver complex projects on time and within budget. Expertise in HTML, CSS, JavaScript, and popular front-end frameworks and libraries. Passionate about learning new technologies and improving the user experience.

PROFESSIONAL EXPERIENCE

FRONT-END DEVELOPER

Rizo Studio - Contract

Dec 2022 – Present

- Built and deployed web applications using NextJS, ReactJS, and TypeScript. Following best practice and industry standards.
- Implemented unit, integration and end-to-end tests using Jest and Cypress to ensure the quality and reliability of web applications.
- Participate in product releases and code reviews with 2 senior developers and team leads.

FRONT-END DEVELOPER

Digid - Contract

Jun 2022 – Nov 2022

- Collaborated with cross-functional teams to design, develop, and deliver new features and enhancements to web application.
- Implement user-friendly and visually appealing interfaces for web applications.

FRONT-END DEVELOPER

Dorminaco – self-employed

Dec 2020 – April 2022

- Worked in an agile, collaborative environment to receive design requirements, and peer program.
- Worked to optimize the performance and accessibility of web applications.
- Kept up to date with the latest front-end development technologies trend.

PERSONAL PROJECTS

HEALITIA

- Designed responsive PWA for Healitia, a healthcare startup empowering elderly patients with AI. Built with NextJS and TailwindCSS, the app is multilingual and accessible across devices, increasing user engagement and supporting Healitia's mission.
